Product Description

Part Number: A03B-0824-C003

Product Type: I/O Module / I/O Unit

Series: A03B-0824 Series

Function: Extends CNC or robot control system input/output capability, connects field devices.

Number of Inputs: 9 Points

Number and Type of Outputs: Precise quantity and type not explicitly listed in public information for model C003. This series typically provides Digital Output.

I/O Signal Type: Digital

Communication Interface: Connects to main controller via Fanuc I/O Link.

Mounting Type: Panel Mount

Physical Dimensions: No unified external housing, dimensions depend on module design.

Approximate Mass: Approx. 0.18 kg; Shipping weight may be around 0.45 kg.

Compatible Systems: Fanuc CNC systems and robotic systems.

Country of Manufacture: Japan.

Protection Features: As part of the system, benefits from overall protection.

A03B-0824-C003 Fanak IO module original new genuine product
