Product Description

The Delta ASB0312LB-AV10 is a highly compact 12V DC axial fan measuring 30x30x15mm, designed for cooling in very space-constrained electronic devices. Drawing 0.10A, it operates with a moderate power consumption. This fan delivers a respectable airflow (approx. 3.5-4.5 CFM) at a speed of around 6000-8000 RPM, providing effective heat dissipation for its size. With a relatively low noise level (approx. 21-25 dBA), it offers a balanced solution for thermal management in applications such as mini PCs, embedded systems, networking equipment, and other small electronic assemblies where both compactness and efficient cooling are crucial. Its 3-pin connector allows for easy integration into many systems.

ASB0312LB-AV10 Delta brand new original authentic ASB0312LB 12V 0.10A 3015 silent cooling fan

Manufacturer: Delta Electronics

Model: ASB0312LB-AV10

Type: DC Axial Fan

Dimensions: 30mm x 30mm x 15mm

Nominal Voltage: 12V DC

Current: 0.10A

Power Consumption: 1.2W

Speed: 6000 - 8000 RPM

Airflow: 3.5 - 4.5 CFM

Noise Level: 21 - 25 dBA

Bearing Type: Sleeve Bearing

Life Expectancy: 20,000 to 30,000 hours

Termination: 3-pin connector

Frame and Blade Material: Plastic

Features: Auto-Restart, Locked Rotor Protection
