Product Description

Model:KA1725HA2ST

Brand:KAKU

Voltage: 220-240V AC (dual-range compatible)3

Current: 0.27A (rated load)

Power: 45W (input power)

Frequency: 50/60Hz

Airflow: 339.8 m³/h (measured at free air delivery)

Speed: 2800 RPM (constant torque design)

Noise Level: 57 dB(A) (1m distance)

Blade Material: Plastic (5-blade design)

Bearing Type: Dual ball bearings (model variant with "ST" suffix)

Dimensions: 172×150×51mm (L×W×H)

Weight: 0.94kg

Operating Temperature: -20°C to +60°C

Protection Class: IP55 (dust/water resistant)

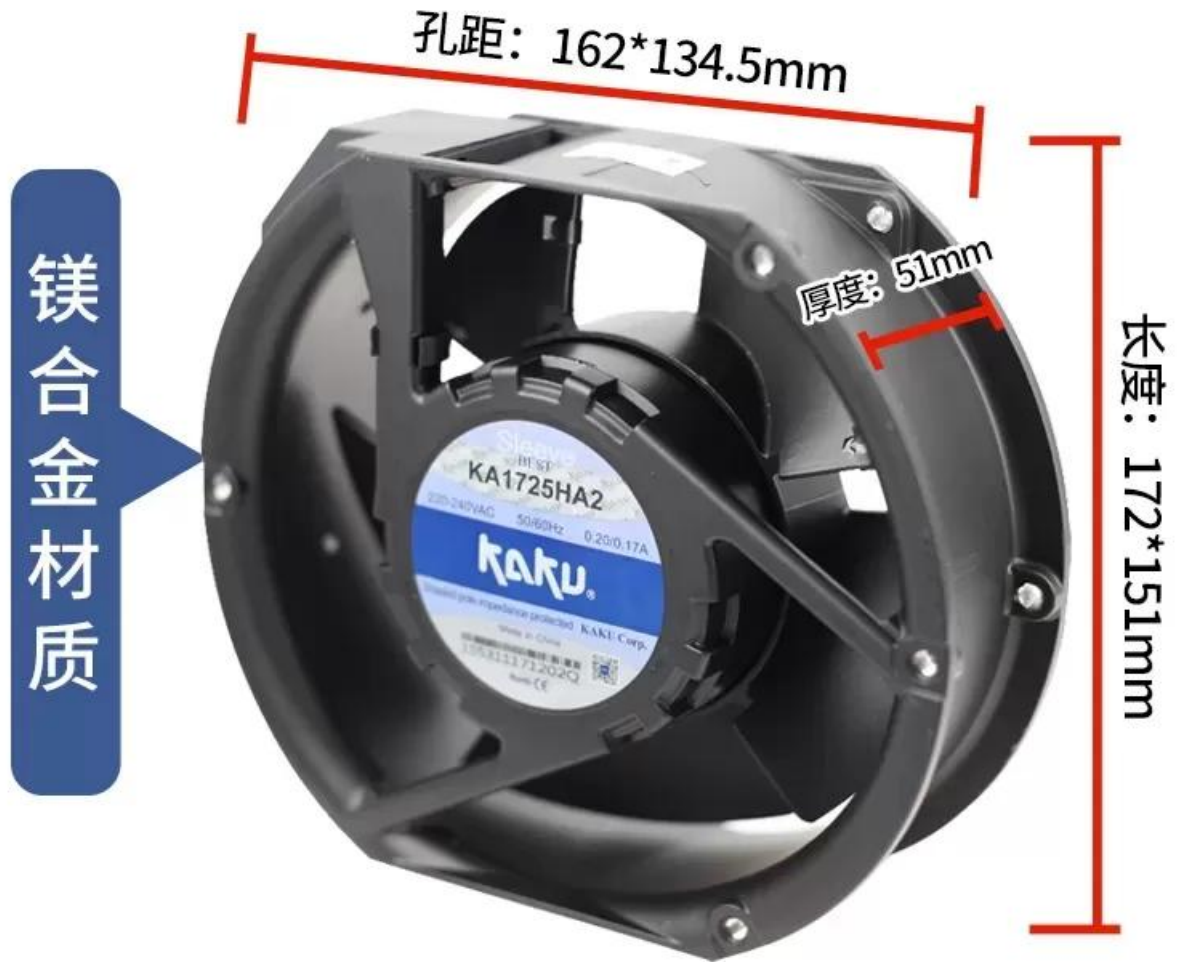

New original Kaku KA1725HA2ST 220V oil-containing insert magnesium alloy bearing fan exhaust fan

Additional Information
