## Product Description

---

Brand: Kaku

Model: FU9806A

Net weight: 689g

Size: 320×320×28mm

Dust collection rate: AFI 80%

Degree of protection: IP44

Material: Frame ABS resin + filter imported nylon fiber synthetic resin (flame resistant and ultraviolet resistance 94v-0, UL

Fire Rating)

Function: 1. Special for control cabinet of textile equipment and special mechanical equipment  
2. Completely prevent the cotton wool from soaking into the control cabinet, and remove the cotton wool and dust on the metal cotton barrier isolator without tools  
3. With the special sealing ring for the electrical control cabinet (SGR series), the P value can be effectively increased to IP54

Innovative design: 1. Ultra-thin, quick installation system design to ensure optimal air flow  
2. The vent adopts an innovative design of 45° angle, which is beautiful and generous  
3. The new concept of triple protection (dustproof, waterproof, and cotton-proof)

It can be used with KA1725, KA2208, KA2509, and KA2072

Genuine KAKU fixed ventilation filter FU9806A P3 shutter dust filter
