## Product Description

---

Brand: KAKU

Model: FU9807A

Net weight: 518g

Size: 420X180X28mm

Dust removal rate: AFI 80%

Protection level: IP44

Material: ABS resin for outer frame + filter screen imported nylon fiber synthetic resin (flame-retardant and UV-resistant 94v-0, UL fireproof grade)

Function: 1. Special for control cabinets of textile equipment and special mechanical equipment  
2. Completely prevent cotton wool from penetrating into the control cabinet, and remove cotton wool and dust on the metal cotton-blocking isolator without tools

3. With the special seal ring (SGR series) for electrical control cabinets, the IP value can be effectively increased to IP54

Innovative design: 1. Ultra-thin, quick installation system design to ensure optimal air flow

2. The vent adopts an innovative design of 45° angle, which is beautiful and generous

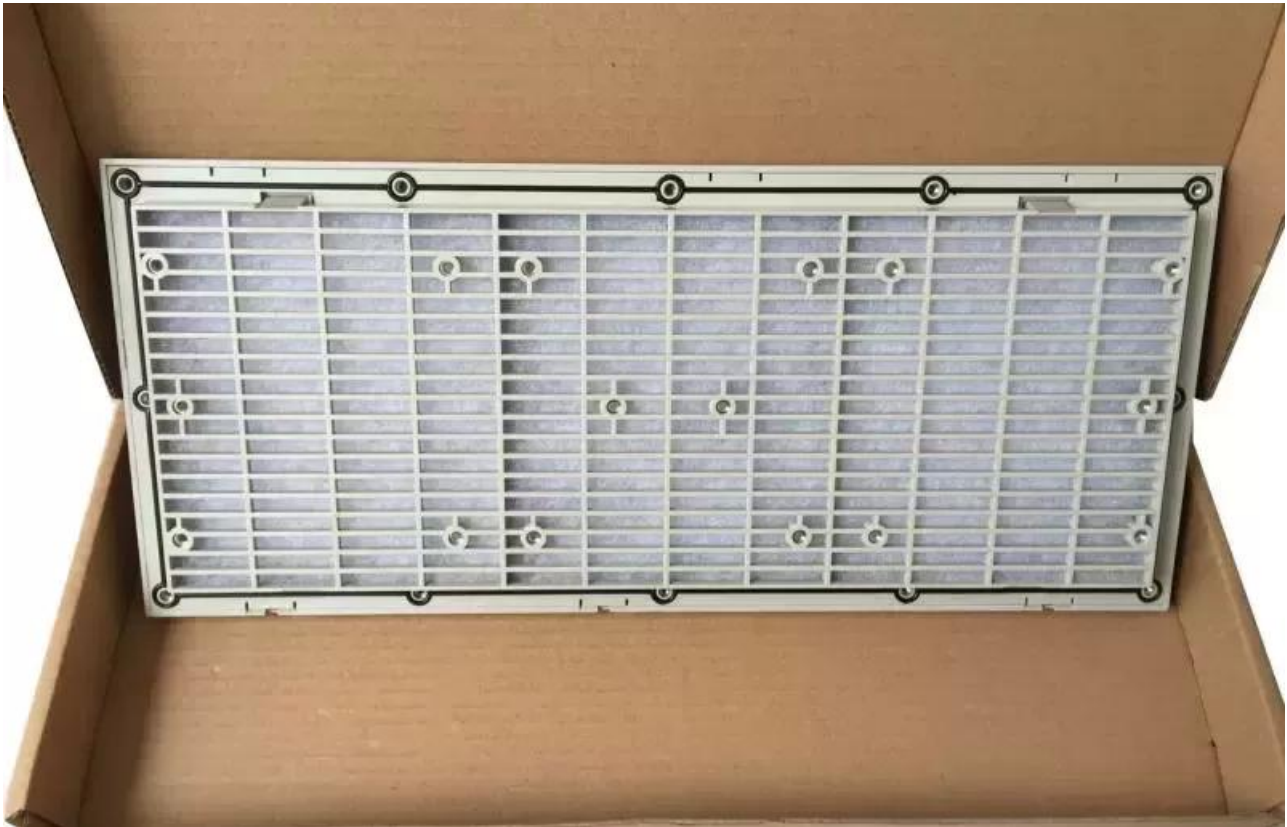

3. New concept of triple protection (dustproof, waterproof, and cotton wool-proof)

With KA1225 KA1238 KA1725 KA1723 KA1725/5 for use with

Brand new original Taiwan Kaku KAKU FU-9807A ventilation filter set can be equipped with KA1238 or KA1725
