Product Description

The Nidec U12E12MS1CA3-52Z32 is a 12V DC axial cooling fan, widely recognized for its application in refrigerator maintenance and other appliance cooling needs. This fan measures 120mm x 120mm x 25mm and operates at a rated current of 0.15A (1.8W). It's designed to provide effective airflow for cooling internal components. The fan typically features ball bearings for reliable and quiet operation over an extended lifespan. Its 3-pin connection allows for power, ground, and a speed feedback signal, enabling basic monitoring of the fan's rotational speed.
