Product Description

The Nidec U12E12MS3J3-57Z32 is a 12V DC axial cooling fan, widely used in refrigerators and similar home appliances for efficient thermal management. This fan measures approximately 120mm x 120mm and is designed to operate with very low power consumption, drawing 0.076A at 12V. Its 4-wire connection typically provides power, ground, a tachometer output for speed monitoring, and a PWM input for speed control, enabling flexible integration into appliance control systems. Nidec fans are generally recognized for their reliable operation and quiet performance, making them suitable for residential use.
