Product Description

YWF4D-420S Weiguang external rotor axial flow fan motor

1. This product is Hangzhou Weiguang YWF series external rotor axial flow motor. It has a 1-year warranty and can be replaced with a new one!
2. The standard length of the fan power supply lead-out is 1.5 meters, made of all-copper core wire, and a junction box is also available.
3. D and E in the model number refer to the voltage of 380V and 220V respectively.
4. The difference between 4D and 6D is the number of poles (that is, the number of revolutions). The power, revolutions, and air volume are all larger in 4D, but the sizes of 4-pole and 6-pole in the same product are exactly the same. The same is true for 4E and 6E.
5. This product is an all-in-one machine with motor, grille and fan blades. The price you take is the price of the complete machine. A single accessory is not sold retailly.

Additional Information

sort by color: black, 1 year warranty, replace with a new one!, We have the Shimmer brand authorization ~ it's more reliable!, YWF4D-420S
